The **Canvas Parent** App lets you view a student's courses, assignments, and grades. You can also add and view multiple students in your account.
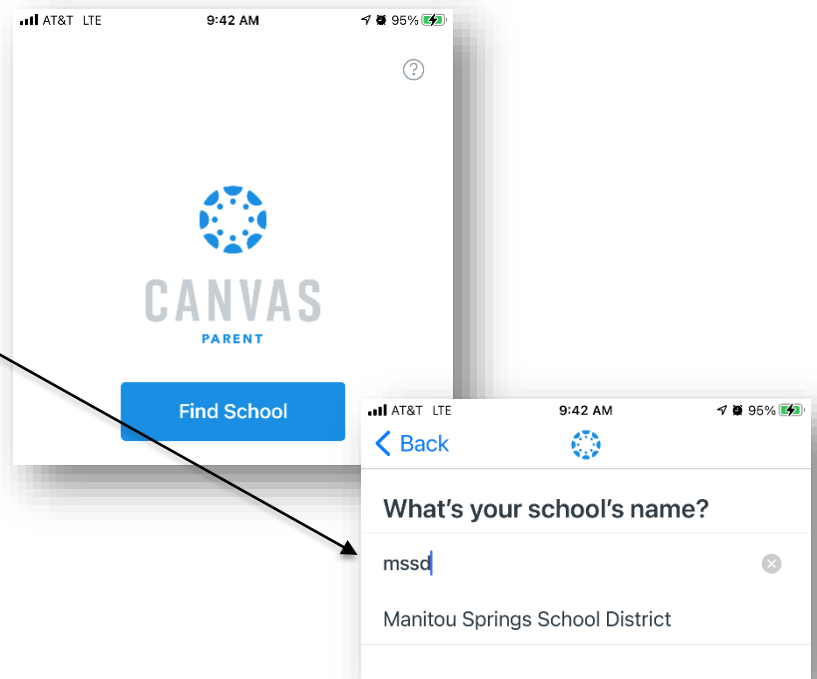

Go to the App Store/Play Store on your mobile device. Search and download **Canvas Parent**.

Note: Images in this guide are for iOS. While image may slightly differ, functionality is the same on Android devices.
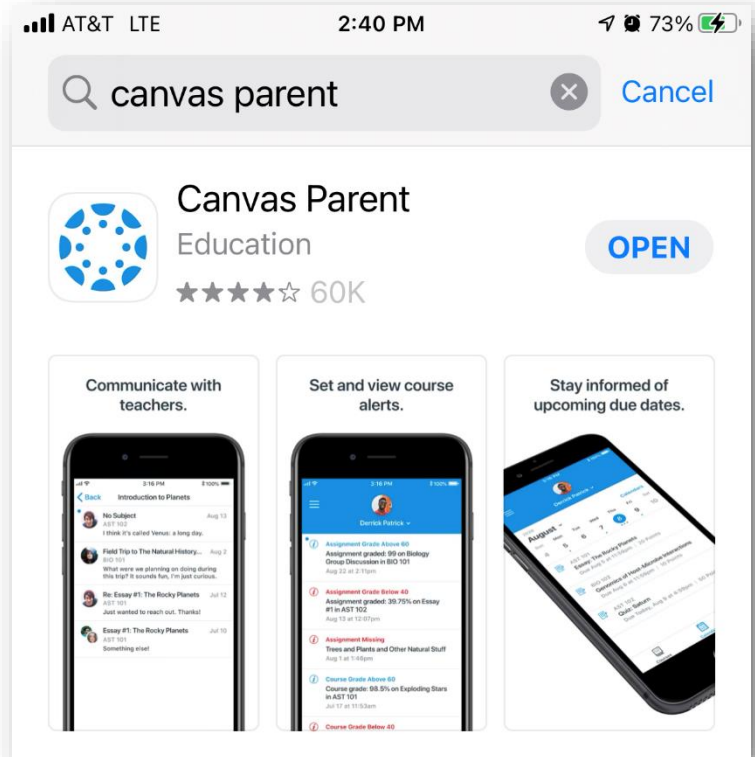

Begin by tapping **Find School** so that you may enter the MSSD14 Canvas site.

Type in **MSSD**. Select **Manitou Springs School District**.

If you already have an account, you can log into the parent app using the same username and password as the web version.

To use the web version, log into the MSSD14 Canvas site at https://mssd14.instructure.com/login/canvas

If you do not have an account, tap on **Create an Account.**

To link yourself to a student, you will need to enter a student-specific pairing code that will link you to the student. Pairing codes are valid for seven days. Students can generate pairing codes from their *User Settings*. Admins and instructors can also generate pairing codes.

For specific instruction on how to create a pairing code, please see the *New Account Set Up Guide 2020* on the district website at https://www.mssd14.org/parent_resources/canvas
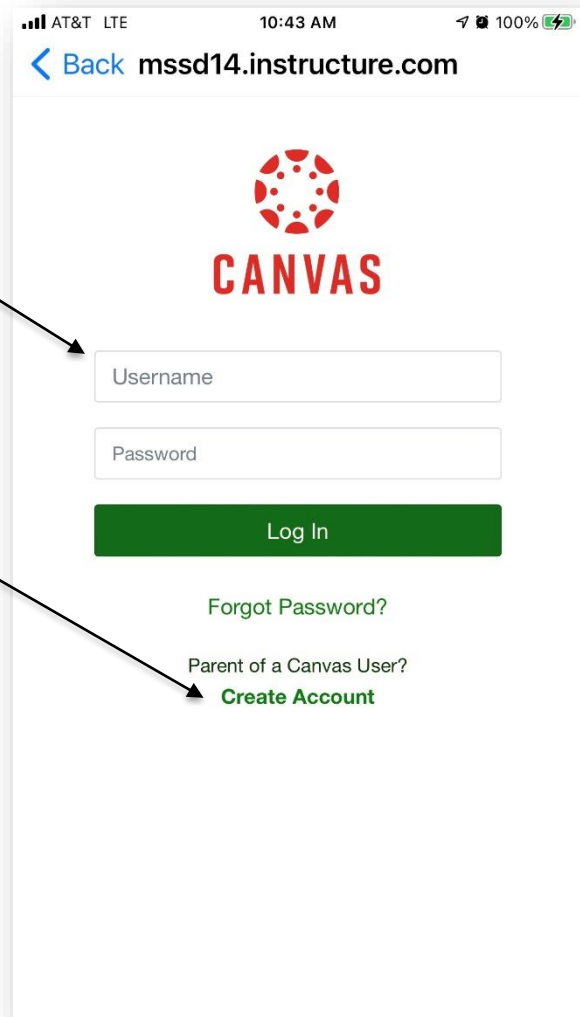

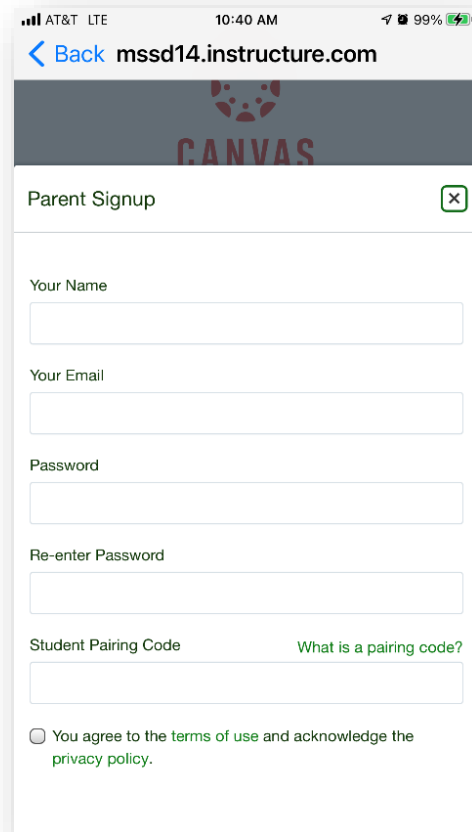

Create your account credentials by entering the following.

- Name
- Email
- Password
- Re-enter Password
- Student Pairing Code
- Agree to Terms of Use and Privacy Policy

After your account is created, you can link additional students to your account in the Canvas Parent App.
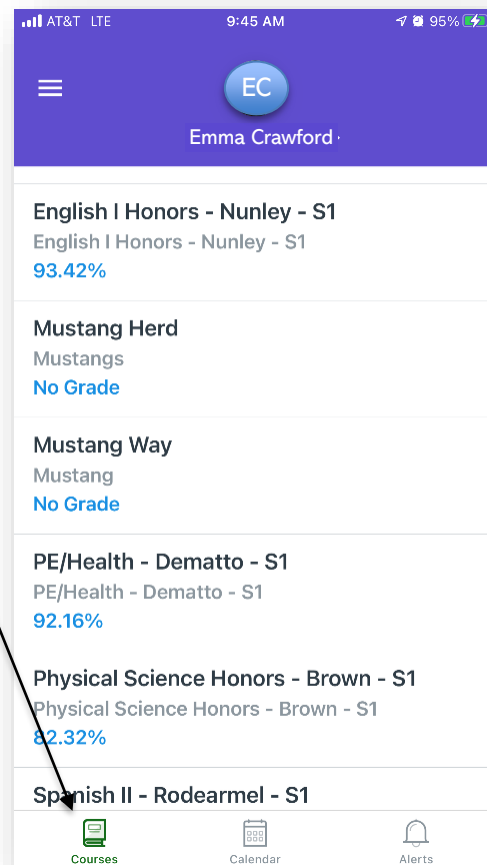

Your email will be your username.

By default, the dashboard lists the current **Courses** for the student you are viewing.

Tap on a specific course for additional information.

Once you have selected a course, the assignment names, due dates, scores and submission status will be listed.

To view details of an individual assignment, tap on the assignment name.

Tap on the message icon to send a message to the teacher.

Algebra I - Blocher - S1
