MSES and UPES Math Resources

An extremely dedicated group of educators have been working on a Math Resource Adoption throughout this school year. Right now, staffers are piloting two resources in both elementary schools. The middle school math teachers have had an opportunity to hear from a publisher as well doing an extensive amount of research, and the high school math teachers have also done research on possible resources.

A very special shout-out goes to the following teachers who have been piloting one of two elementary math resources. Thank you for your extra effort to learn a different resource in the middle of the school year!

Barrett Weisheipl, Greg DiFiore, Brandon Wood, Jon Pletsch, Pagie Carely, Erin Huffman, Taylor Walsh, Merry Monk, Lisa Mussi, Becki Elms, Maria Woytko, Amy DeLarm, Amy Babcock and Rachel Kazmier

Week of Giving

MSHS staff and Woodland Park staff competed in an All Staff Basketball Game on Thursday, Feb. 17 to foster good sportsmanship and kindness. Thank you to Alice Stoneback and the High School Student Council for this week of giving to others!
