

April 2021

Dear Young MSES Artist,

Here's your Arts Gear! This pack is a gift to you from the Manitou Springs Arts Academy! We are excited to give these supplies to you! We trust that you will keep this pack in a special place in your home so that **whenever** you want to use it, you'll be able to grab it, open it and go make, blow, build, create, manipulate, and see what happens!

Ms. Dunlap and Ms. Lawson are part of our team. They look forward to hearing and seeing how you use your Arts Gear! Even if you are unable to be at school, you will still be able to make music on your ocarina and draw, paint or write in your arts notebook.

You will notice that your kit includes a ticket. It is a ticket to a free theatre workshop. Your colored ticket gives you entry to a specific workshop. We have listed the dates for your class on the back of this letter.

Please ask someone to write the date and time of your workshop on your calendar so you can plan to join us! Take special care of your feather because you will use it in the class! Can you figure out what kind of bird has this kind of feather? The answer will be revealed in the workshop on your day!

We appreciate you as a young person who is full of ideas, imaginings, and experimentation.

Enjoy making your art!

The Manitou Springs Arts Academy Board of Directors –
Wendy Fay, Noli Morath, Carrie Dunlap, Michelle Beckmann, Wendy Harms, Miles Groth, Ray Osteros and Elizabeth Lawson

If you would like to contact us, please write to
manitouspringsartsacademy@gmail.com

The Manitou Springs Arts Academy was begun in 1992 by the then Superintendent of Schools, Gary Miller and a dedicated group of teachers, parents, and business leaders. We have worked consistently in partnership with MSSD14 to advocate for and enrich young people’s experiences in the arts.

Multi-disciplinary in nature, the mission of the MSAA is to provide intensive education and training in the arts in a joyous and highly supportive environment. We are more process than product based, believing that product follows when students are actively engaged in their learning.

Please, go to our video link so we can virtually introduce you to our Arts Gear, teach you to tie the lanyard on to your ocarina, and have a bit of fun!
